WHO WE ARE

New company, experienced people

Velmayam Industries was incorporated in August 2026. The people running it are not new.

Our COO has eight years supplying industrial consumables to manufacturers across Tamil Nadu, including multi-unit textile mills, under a previous business.

We would rather be judged on the first order than on a customer list.

INSIDE

The five lines

01 **Packing materials**
Stretch film, shrink film, PP strapping, PP woven fabric and sacks
PAGE 03

02 **Adhesive tape**
BOPP tape in clear and brown, printed BOPP tape, other adhesive tapes
PAGE 04

03 **Industrial lubricants**
Maintenance oils, metal working fluids, greases, automotive lubricants, transformer oil
PAGES 05, 06

04 **Cutting tools**
End mills, drills and reamers, inserts and milling cutters
PAGE 07

05 **Material handling equipment**
Hand pallet truck, stacker, forklift, hand trolley, service or repair of your equipment
PAGE 07

HOW WE WORK

01
Quote within 24 hours
Send the item, the size and the quantity. A quote comes back within 24 hours.

02
Delivered on the date committed
We quote a date once stock is confirmed, not before. If it is going to slip, you hear it from us first.

03
Proper GST bill and e-way bill
Correct rate, e-way bill raised every time, documentation that does not complicate your input tax credit.

04
Trial quantities are welcome
Judge us on the first order.

05
Across India
Send your delivery pin code with the enquiry. Lead time and minimum order are confirmed with each quote.

06
Payment terms
Advance payment for first orders; credit terms for approved accounts. Payment to the company bank account only.

LINE 01

Packing materials

We do not publish fixed sizes, because the right width, micron and length are the ones your line already runs. Tell us those and we source to them.

01

LLDPE

Stretch film, machine grade

Pallet wrap for semi and fully automatic wrappers. Supplied by weight.

SEND

Width, micron, roll weight

02

LLDPE

Stretch film, hand grade

Manual pallet and bundle wrapping, with or without dispenser.

SEND

Width, micron, roll weight

03

LDPE

Shrink film

Over-wrapping cases, trays and multipacks.

SEND

Width, micron, flat or tube

04

POLYPROPYLENE

PP strapping

Bundling and pallet securing. Tensioner and seals available.

SEND

Width, thickness, roll weight

05

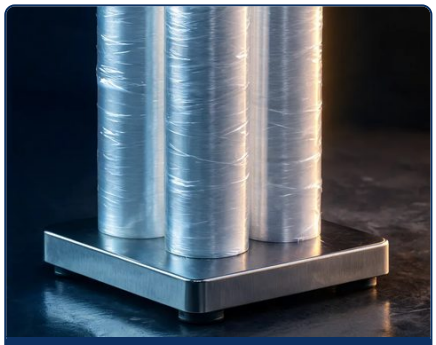

POLYPROPYLENE

PP woven fabric and sacks

SEND

Width or bag size, GSM

STRETCH FILM

Weighed without the core

Every roll goes on proper scales and the core weight is deducted. Weigh it at your end and check. You pay for material, not cardboard.

WHAT TO SEND US

Three lines in a message is enough to get a rate.

01

The item

Product and grade, or a photograph of the roll you use now.

02

The size

Width, micron and length your line runs. If you are unsure, send the old invoice.

03

The quantity

Monthly or per despatch. Trial quantities are welcome.

LINE 02

Adhesive tape

Clear, brown and printed BOPP tape are the same carton sealing tape in three finishes. We do not publish fixed sizes, because the right width and length are the ones your line already runs: tell us those and we source to them.

01

SELF ADHESIVE

BOPP tape, clear

Clear tape lets the print and the barcode on the carton show through the seal.

SEND

Width and length

02

SELF ADHESIVE

BOPP tape, brown

Brown tape covers the seam in tan, close to the colour of a corrugated box.

SEND

Width and length

03

Printed BOPP tape, to your artwork

Printed tape carries your name or a handling message along every seal. Made to your artwork on indent.

SEND

Width, length, colours

04

Other adhesive tapes

Tell us the type and the size, or send a photograph of the roll you use now.

SEND

Type and size

CLEAR, BROWN OR PRINTED

The choice is about what the sealed carton has to show.

	CLEAR	BROWN	PRINTED
What the seal shows	The carton print shows through	A tan band over the seam	Your artwork along the seal
How it is supplied	In the width and length your line runs	The same, in tan	To your artwork, on indent

WHAT TO SEND US

01

The tape

Clear, brown or printed BOPP tape, or a photograph of the roll in use now.

02

The size

The width and the length on the roll, and the micron if you know it. If unsure, send the old invoice.

03

The quantity

Rolls or boxes a month, or the number for this despatch.

04

For printed tape

Your artwork, the number of colours, the width and the length.

LINE 03

Industrial lubricants

We do not publish viscosity grades, because the right grade is the one your equipment manufacturer specifies. Send the manual page or the old drum label and we match it.

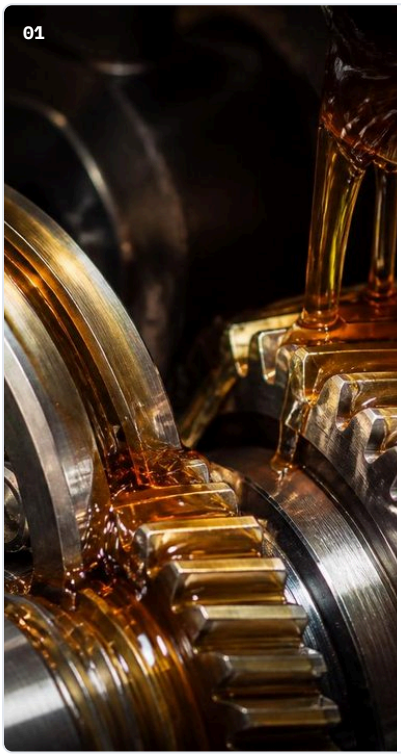

01 **Maintenance oils** PAGE 05

02 **Metal working fluids** PAGE 05

03 **Greases** PAGE 06

04 **Automotive lubricants** PAGE 06

05 **Transformer oil** PAGE 06

Maintenance oils

Tell us the grade on the machine manual or the old drum label, and the pack size.

ITEM	WHAT TO SEND
Hydraulic oil	Grade or viscosity, pack size
Gear oil	Grade or viscosity, pack size
Machine oil	Grade or viscosity, pack size
Spindle oil	Grade or viscosity, pack size
Way lube oil	Grade or viscosity, pack size
Compressor oil	Grade, compressor make, pack size
Refrigeration oil	Grade, refrigerant, pack size
Thermic oil	Grade, operating temperature, pack size
Turbine oil	Grade or viscosity, pack size
Steam cylinder oil	Grade or viscosity, pack size
Mould and shuttering oil	Application, pack size

Metal working fluids

Tell us the operation and the metal, or the product you run now.

ITEM	WHAT TO SEND
Water soluble cutting oil	Operation, metal, pack size
Straight cutting oil	Operation, metal, pack size
Quenching oil	Process, pack size
Rust preventive oil	Protection period, pack size
Forming and drawing oil	Operation, metal, pack size

01

The grade your OEM specifies

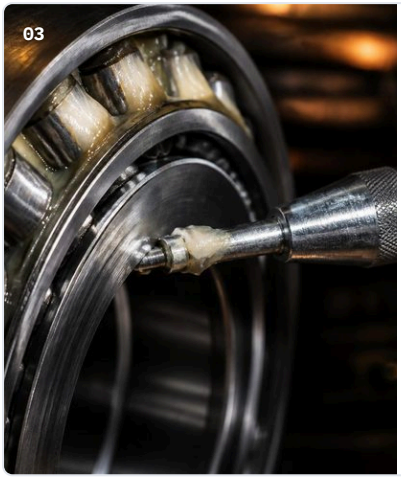

Send the machine manual page or the old drum label. We match the specification rather than talk you into a house brand.

02

Documentation with the drum

Batch certificate, MSDS and where it applies the H1 or ISO 21469 registration, supplied with the consignment.

Greases, automotive lubricants and transformer oil

Greases

Tell us where it goes: bearing, chain, open gear, high temperature or food line.

ITEM	WHAT TO SEND
High temperature grease	Application, pack size
Bearing and chassis grease	Application, pack size
Open gear and chain grease	Application, pack size
Food grade grease and lubricant	Application, H1 needed or not, pack size

> For a food line, ask for the NSF H1 registration number and it is sent with the quote.

Automotive lubricants

Engine oils, gear oils and transmission fluids for plant vehicles and fleet.

ITEM	WHAT TO SEND
Engine oil	Vehicle or grade, pack size
Automotive gear oil	Vehicle or grade, pack size
Transmission fluid	Vehicle or grade, pack size

Transformer oil

Tell us the specification your transformer maker calls for, and the quantity.

ITEM	WHAT TO SEND
Transformer oil	Specification, litres

> Supplied against IEC 60296, ASTM D3487, IS 335, BS 148 and DIN 57370.

WHAT TO SEND US

The manual page or the drum label is enough.

01

The grade

The grade printed on the machine manual page or the old drum label. A photograph of either is enough.

02

The pack size

Drum or pail, or the pack you buy now.

03

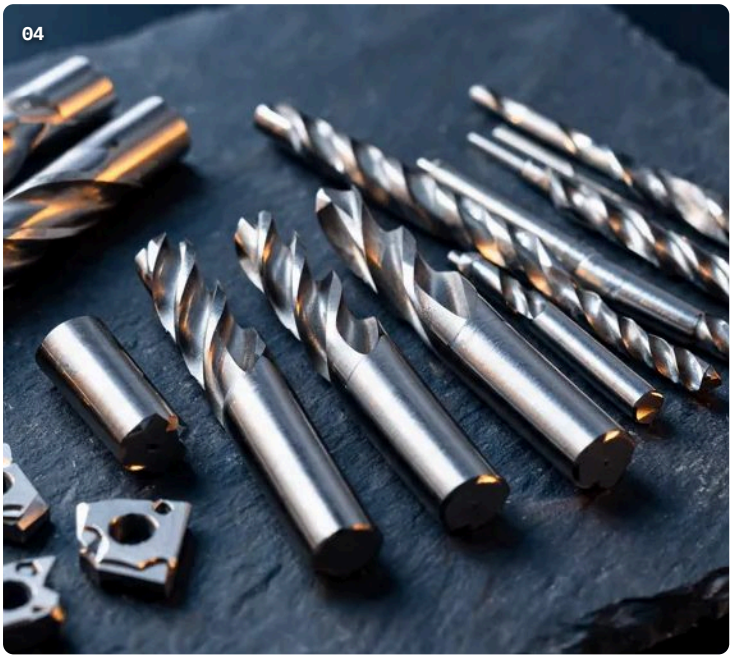

The quantity

Litres per order or per month, and the delivery pin code.

LINES 04 AND 05

Cutting tools and material handling equipment

Cutting tools and material handling equipment are supplied through our network, on the same order if you ask.

LINE 04

Cutting tools

Tell us the tool, size and grade, or send the old tool's part number.

01 **End mills, drills and reamers**
SEND `Size, material, part number`

02 **Inserts and milling cutters**
SEND `Insert code or part number`

LINE 05

Material handling equipment

01 **Hand pallet truck**

02 **Stacker**

03 **Forklift**

04 **Hand trolley**

05 **Service or repair of your equipment**

ONE LIST

Ask if you want these on the same order as your packing materials, tape and lubricants.

START HERE

Send us your requirement

Send the item, the size and the quantity. If you are unsure of the specification, send a photograph of the roll you use now, the old drum label or the old invoice.

REQUIREMENT SLIP

Fill it in, photograph it and send it on WhatsApp to +91 96776 44604.
